WHO WE ARE

Good Neighbors Home Repair restores hope and dignity to qualified low-income homeowners by repairing their homes at no cost. We have been serving Chester County, PA, since 1992 and expanded into New Castle County, DE, in 2016.

WHAT YOU NEED TO KNOW

HOURS

Each weekday offers half-day slots: 9 AM–1 PM and 1 PM–5 PM

LOCATION

Work sites will be at various individual homes in New Castle and Chester Counties. Specific addresses will be announced.

RESPONSIBILITIES OF VOLUNTEERS

Volunteer tasks will include roofing, light construction, painting, and yard work. **No experience or specific skills are required.** All work sites are led and supervised by licensed and trained project managers from Good Neighbors Home Repair.

ATTIRE

Work clothes and closed toe shoes. Be prepared to be outside.

NUMBER OF VOLUNTEERS

Each company must designate a team captain. Good Neighbors will communicate to volunteer groups through the team captain.

Needed: 6–8 volunteers will be assigned to an individual home during a designated time slot. In order to get the most from your volunteer experience, we strongly discourage more than 10 volunteers per site. If you are an individual or if you have a group smaller than 6, we will pair you with another team.

HOW TO REGISTER

The designated team captain is responsible for registering all volunteer team members by completing the online registration form:

[GoodNeighborsHomeRepair.org/Hands-of-Hope-Registration](https://www.GoodNeighborsHomeRepair.org/Hands-of-Hope-Registration)

A representative from Good Neighbors will be in touch with you or your team captain.
